

Romsey Genealogy group – Past meeting programme

Note – The information for 2020, 2021, 2022 and 2023 is based on the programme for those years prepared at the beginning of the year and does not necessarily reflect what actually happened. The programmes were obviously disrupted by events, notably Covid, as it will be noted that some planned talks appear in successive years presumably postponed from one year to the next. This however the best information available. The record for 2024 onwards does however reflect actual events.
